Our Product Introduction

Product Description

GE FANUC IC695PSA040 RX3i Power Supply Module 120/240 Vac

Technical Application

The PACSystems* RX3i power supply IC695PSA040 is a 40-Watt supply that operates from an input voltage source in the range of 85 to 264 VAC or 100 VDC to 300 VDC.

This power supply provides three outputs:

+5.1 VDC output.

+24 VDC relay output that can be used to power circuits on Output Relay modules.

+3.3 VDC. This output is used internally by RX3i modules with IC695 catalog numbers.

Only one IC695PSA040 can be installed in a PACSystems RX3i (IC695 catalog number) Universal Backplane. This Power supply cannot be used with other RX3i power supplies in redundant or increased capacity modes. Power Supply version IC695PSA040C and earlier may cause equipment damage if inadvertently installed in the same backplane as another RX3i power supply.

More Support

1.Brand new competitive price.

- 2. Prompt delivery and remarkable services.
- 3.100% new products and 100% reliable hight quality.
- 4. Free After-Sale Service, solve all your problems.

5.lower your support costs

Packaging & Shipping

All quote are basic on EX-WORK
Delivery time: 3-5 days after payment
Delivery term via DHL/TNT/UPS/EMS/Fedex.
Packaging Details:original packing factory sealed

Our Company

Wuhan Sean Automation Equipment Co.,Ltd established for over 6 years, believes in providing the best quality,we offer and deliver products worldwide.As a factory automation wholesale distributor,we provides quality new parts along with quality on everything we carry.

We offer a minimum one-year warranty on all products satisfied for customers are to our purpose we have been committed to providing quality parts and equipment at the right price and right time to every clients. Many parts are stocked and available

with very short lead times to ensure yourparts are available when you need them.

For Your Information

1) Our company is a supplier of automation industrial products headquartered in China.

- 2) We have more than 20,000 PLC modules and DCS modules in stock.
- 3) We are committed to helping customers reduce costs and enrich procurement channels.
- 4) We are committed to providing customers with higher quality products and services
