Our Product Introduction

Product Description

FOXBORO FBM222 P0926TL Communication Interface Module

The full Control Room edition of Field Device Manager has all the features previously described.This edition is used on workstations running Foxboro Evo Control Software with Foxboro control processors and FBM222s. In addition, the Control Editors and Field Device Manager (without the universal PROFIBUS DTM) are offered in a bundled Instrument Workshop edition. This off-platform edition uses a third-party interface card and communication DTM to provide DPV1 communication with the devices, and the device manufacturer's DTM to calibrate, pre-commission,and test instrumentation prior to installation and connection to the FBM222.

Technical Application
